Complete skirting.

example

Packing:40pcs/ctn

Item Size:2400*28*12mm

Weight/ctn: 12.58kg

Molding Program Options

Elephant floors can create custom coordinating trims for the floors you send to us. Once the matching process is complete and colors are approved, they will be available for you to order directly from Elephant floors. Production will be required for volume quantities of 30 pieces or more in the same shape and color. This process can take up to 2 weeks for production and product to ship from our facility. Volume pricing is available if you qualify. Please contact your Inside Sales Representative at Elephant floors for more information.

Elephant floors offers a limited number of free marketing materials and samples for all retailers, distributors, and manufacturers. Please refer to our marketing assistance tab for more information on these options.
